### Featured Staff and Student!

By: Ciara O.

Mrs. Thomas is a kind and caring person who has students' best interests at heart. As our Physical Education teacher, Coordinator of Student Activities, mentor, and advisor of SGA and GOP she makes a huge difference within our school building. With her bright and positive energy, she makes students feel like they have a comfortable place within the building and can come to her about anything. Thank you so much, Mrs. Thomas, we appreciate you!

For our weekly student shoutout, we have, Jenifer Mendy! We'd like to recognize all of her hard work around the school, from being one of the top students in her class, cheer captain, public relations team member, GOP Vice President, and school store employee she has a lot on her plate! She still manages to excel in everything she puts her mind to. Great job Jenifer, keep being you!
